Ravi's animal behaviour in *Luck*

After receiving a lot of critical acclaim in Shyam Benegal's *Welcome To Sajjanpur*, Ravi Kishan is looking forward to a busy year ahead with several big Hindi films on the cards.

The actor now has Soham Shah's *Luck* ready for release on July 24 and Ravi is playing a psycho in the film. *Luck* has Sanjay Dutt, Mithun Chakraborty, Shruti Haasan and Imran Khan.

"I HAVE BEEN STRUGGLING IN BOLLYWOOD FOR THE LAST 19 YEARS"

"For me, it is like a dream come true. I have been struggling in Bollywood for the last 19 years, and now my hard work seems to be paying off," says Ravi, who happens to be one of the biggest superstars in the Bhojpuri film industry.

"*Luck* will change my luck. As a part of my research for the role, I had to watch animal behaviour on the Discovery Channel, Animal Planet and National Geographic, to get myself prepared. It is a very interesting and challenging role," he says.

The actor also speaks about the many stunts he had to enact in the film.

"There are many action scenes in the film. I had to jump from a helicopter and swim with sharks in the sea. I did get injured in the process despite the safety measures. I even narrowly escaped a major injury during a fight scene in a train," reveals Ravi.
